What is The eChecker™?

- Software engine that runs all our eligibility and aging processing.
- Fully designed by Covivitas.
- Fully hosted by Covivitas.
- Scalable
- Virtualized
- Automated
- HIPAA Compliant and secure

Covivitas

The eChecker™

What Does It Do?

- Runs MediCal eligibility based on SSN as well as MediCal ID.
- Provides results based on specific client needs.
- Provides a PDF version of the MediCal response – one of only two examples of MediCal approved Proof of Eligibility.

Covivitas

The eChecker™ Report

Excel report that includes:

- All MediCal response information.
- Matches your appointment schedule or client list.
- Special fields such as Other Health Insurance, name comparison and aid code specific responses.
- Fully customizable for the client

Covivitas

The eChecker™ and Your Clinic

- Covivitas receives the source file – many ways to do this.
- Covivitas responds:
 - Excel report with eligibility responses
 - PDF Proof of Eligibility
 - Broken out by location, provider, etc.
- Files delivered before start of business every morning.

Covivitas

The eChecker™ – Retroactive Eligibility Processing
